

Send For Your Second Free Disk of Cook's Endeavour

With your copy of Cook's Endeavour you have been sent a 13 cm BBC disk. If you would like a disk in another format, simply complete the card attached and send it to Softime via the Freepost number shown overleaf.

If you require more than one extra disk, these are available at \$20.00 each. Note that all disks are supplied as a site licence and may be freely copied for use within your school.

We hope you and your students enjoy using Cook's Endeavour and that you will write to us with any further ideas for extending its use in the classroom.
